

YOU CAN MAKE A DIFFERENCE

Are you, or do you know a **Veteran**,
family member or caregiver of a
Veteran that has:

- Good communication skills
- The ability to use his/her own experiences constructively
- Received care (or a family member of someone who has received care at the VA)
- The ability to see beyond his/her own personal experiences
- A desire to bring meaningful change

The **VETERAN ENGAGEMENT COUNCIL**
is actively seeking members that will help us:

- Bring Veteran voices into VA research
- Increase the uptake of research into practice
- Build Veteran support for research
