Toolkit for Veteran Engagement in Research

SERVE Team and Acknowledgements

“Key to understanding engagement is the recognition that it is inherently collaborative and iterative.”
-Sarah Ono

Special thanks to:

The SERVE Team would like to thank the HSR&D Veteran Engagement Workgroup for their questions and contributions. Kelly Burkitt leads the subgroup on Veteran Engagement outside of Research and contributed content on VA supported, non-research, Veteran and stakeholder engagement groups. Kenda Stewart, Katherine LaChappelle, and Lindsey Martin shared materials developed for their 2017 HSR&D/QUERI National Meeting panel (incorporated throughout the toolkit). Courtney Lyndrup, Miho Tanaka, Amy Kilbourne and David Atkins provided support and guidance throughout. Rachel Matsumoto provided administrative assistance. Portia Rivera provided internet development. Thank you to our Centers and colleagues for generously sharing local innovations, failed experiments, and example materials.

Support for this project came from:

VHA Health Services Research & Development, SIP 17-152 (PI: Sarah Ono)
